

Danfoss Water Heater DWH

Advanced domestic hot water storage.

The Danfoss DWH is an efficient water tank designed to be perfectly compatible with the Danfoss heat pumps DHP-L, DHP-L Opti and DHP-AX.

The patented TWS* technology provides large amounts of hot water quickly and at low operating costs giving the best heating comfort.

The Danfoss DWH has a stainless steel tank and is available in two sizes, 200 and 300 litres.

* Tap Water Stratificator, our patented technology developed to stratify hot water in a tank to ensure that heat is used optimally.
